Key Frequently Asked Questions- By Employer Users

Q. If I am already registered on NCS Portal as an Employer, can I also register under other stakeholder Skill Provider?

A. Yes, an employer can additionally register as a Skill Provider with the same KYC details on the NCS Portal

Q. I have multiple sub-users under my NCS Profile, how to avoid mixing of job responses among them?

A. To ease tracking and management of jobs' responses that are posted by different sub-users under an Employer user, NCS has created separate Jobs Dashboard for each sub-user that shows jobs posted by a particular sub user only. Having complete access to his Dashboard, a sub-user can perform Action of searching and shortlisting eligible candidates, Scheduling Interviews and closing jobs against Jobs posted by him. Related NCS notifications (through SMS/Email) would also be sent to that particular sub-user.

Q. How can I post apprenticeship Jobs or Internship Jobs?

A. To post such jobs, employer user needs login to his NCS Profile and choose Apprenticeship or Internship from the drop down under field "Nature of Job" while filling "Post New Job" form.

Q. Can a job posting be edited once it has been published on Portal?

A. A published job posting cannot be edited except the fields "Job Expiry Date" and the "Number of Vacancies". If you intend to make more changes in the current Job then it is suggested that you create a copy of this job (by using "Action" button under Jobs and Responses section against the concerned job), then close the current job and make desired changes in the newly created copied job before you publish it on Portal.

Q. How can I participate in events / job fairs? Do I need to pay to participate in events / job fairs?

A. To participate in events/job fairs, you need to login to your Employer's account and view the list of Job fairs under 'Job Fair / Event' tab on the left panel of your Home screen. NCS Job Fairs are conducted both in Offline and Online mode. To participate in an online Job Fair, you need to add jobs to Job Fair. For doing so, either link you're already posted jobs to this Job Fair or post fresh jobs for this Job Fair. Once your jobs are added successfully to the Job Fair, you can then submit your participation in the Job Fair.

To participate in an offline Job Fair, simply submit your request for Participation through Portal, to the concerned Career Center. Participation in job fairs/events conducted by career centers is free of cost.

Q. Can I access all the job seeker profiles who are registered with NCS Portal?

A. Yes, for doing so, Employer user needs to enter the search criteria under “Search Jobseeker” tab that shows on the left navigation panel of their Home Screen. Upon entering the Employee criteria, employer users can view employment and experience details of Jobseekers that appear in search results.

To access and download detailed Jobseeker Profiles with contact details, employer needs to post a job on the Portal.

Q. I am not getting relevant candidates against a job posted by me. What should I do?

A. To increase chances of getting relevant job applications against your posted job, it is advised that you clearly and carefully mention Job description covering key job related information. It is also important that you choose the right set of Key Skills as Key Skills is an important criterion for job matching on Portal.

In addition to this, before posting the Job, Employer may use the same parameters in Search Candidate option, to get an idea of the availability of Jobseekers as per his / her Job Parameters. In case the count is less, the Employer may relax few parameters and Search again. When the Employer is satisfied with the search results, he / she may post the Job with the final set of job parameters.

Q. Is it mandatory to Close Job and Notify Recruitment for the jobs posted on the Portal after the recruitment process has been completed?

This can be done by visiting the 'Jobs and Responses' section of your NCS Profile. Click on the Action button corresponding to the job posting that you wish to close. Select 'Close Job-Notify Recruitment' from the drop-down menu and fill in the required details therein.

Q. I need to search candidates against my posted job, however, it is nearly impossible for me to view and shortlist profiles of so many job applicants.

A. To make the shortlisting process less cumbersome, an employer can make use of "Refine your Search" Panel that displays on the right side of "Search Candidates Results" page. This panel shows options under filters like Education, Specialization, Experience, etc. By making use of this refinement feature, an employer user can narrow his search to few and more relevant profiles (to be viewed and shortlisted).
