## II. International Jobs on NCS

Moving beyond the boundaries, NCS now offers International Jobs too. The functionality to post and search for International Jobs has been added on NCS Home Page.

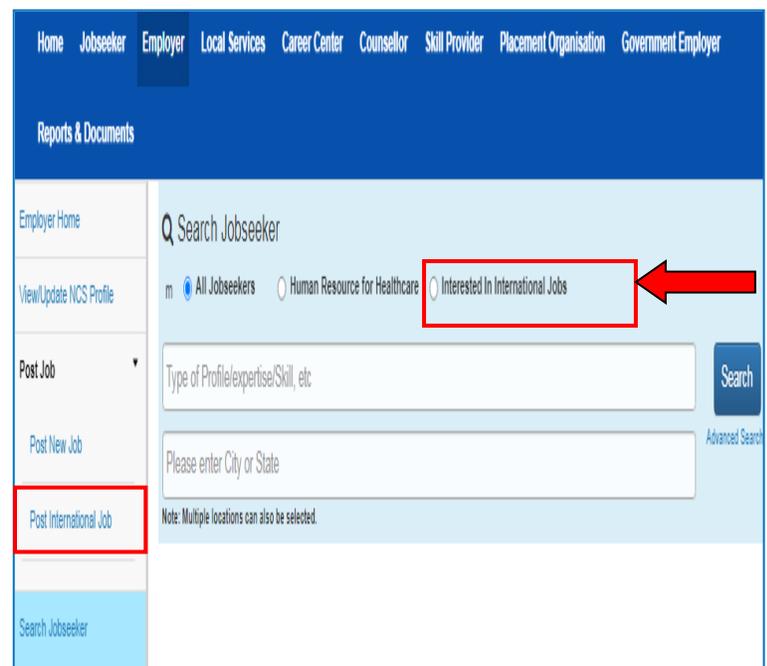

The screenshot shows the NCS Home Page with the following elements:

- Header: GOVERNMENT OF INDIA, National Career Service, Ministry of Labour & Employment.
- Navigation: Home, Jobseeker, Employer, Government Employer, Placement Organisation, Counsellors, Career Center, Resources.
- International Jobs Section: A red arrow points to the 'International Jobs' dropdown menu, which contains 'Find International Jobs' and 'Post International Jobs'.
- Banner: A banner with the text 'सपने हो रहे हैं साकार' (Dreams are becoming reality) and 'नेशनल करियर सर्विस पर महिलाओं के लिए रोजगार के अवसर अपार' (Abundant job opportunities for women on National Career Service).

### Employer type Users:

- Job Posting:** Employer user has been given additional tab “Post International Job” under his login where he can post the job along with its Occupation and Country.
- Candidate search against the posted International Job:** With the new functionality, Employer user has been given provision to use filter “Interested in International jobs” to search for eligible and interested candidates against its International Job Postings.

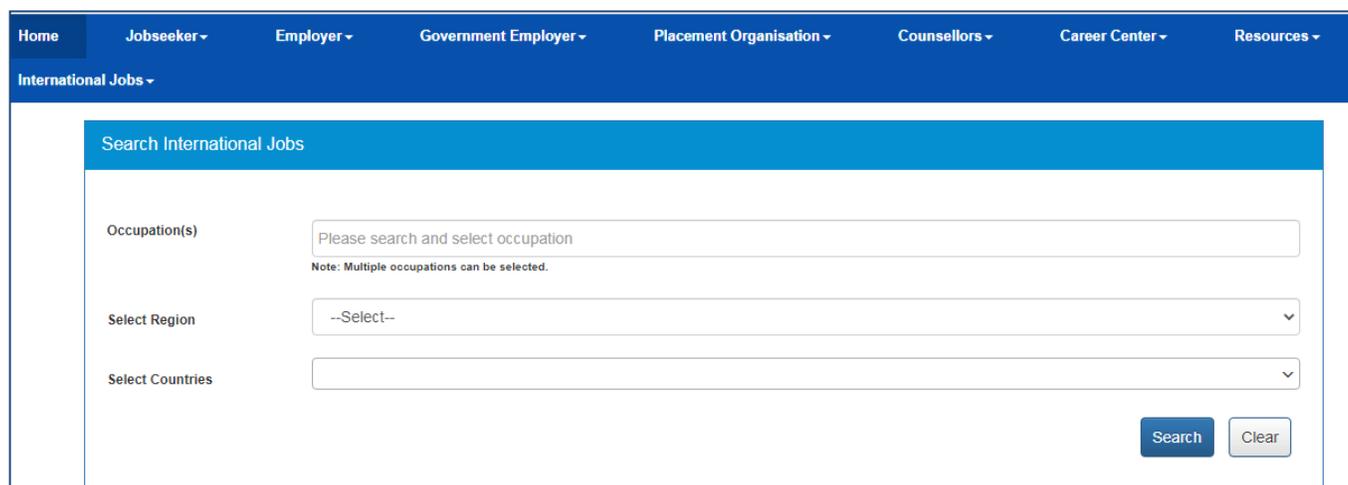

The screenshot shows the NCS Employer interface with the following elements:

- Navigation: Home, Jobseeker, Employer, Local Services, Career Center, Counsellor, Skill Provider, Placement Organisation, Government Employer.

## Jobseeker type Users:

Jobseekers who are interested in International jobs can now use NCS Portal for searching the same. The Portal enables the Jobseeker to search for International jobs based on Occupation, Region and Country.

New registering Jobseekers will now be asked for their preference of working for International Jobs and the region and occupation they are interested in.

The screenshot shows the 'International Jobs' search interface on the NCS Portal. The navigation bar includes: Home, Jobseeker, Employer, Government Employer, Placement Organisation, Counsellors, Career Center, and Resources. The 'International Jobs' dropdown is selected. The search form is titled 'Search International Jobs' and contains the following fields:

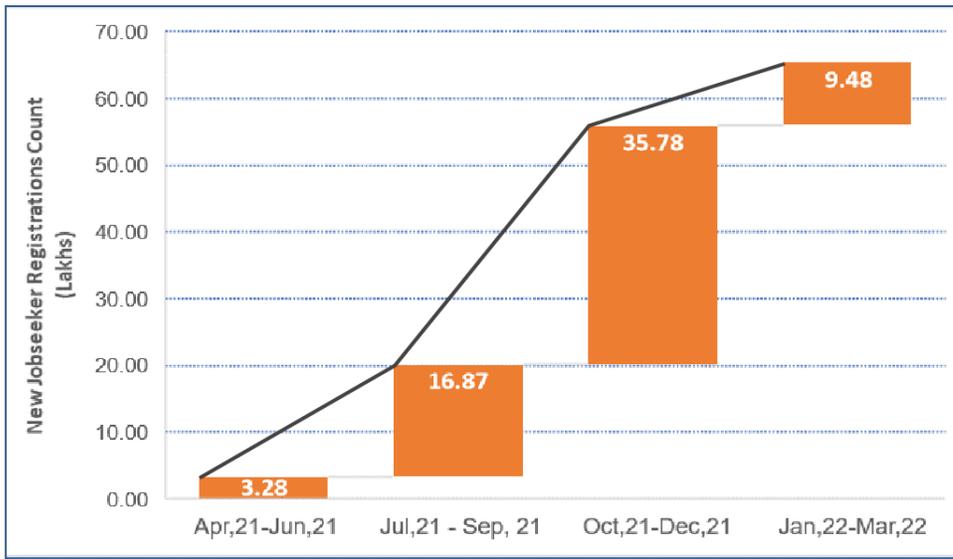

- Occupation(s):** A text input field with the placeholder 'Please search and select occupation'. Below it, a note states: 'Note: Multiple occupations can be selected.'
- Select Region:** A dropdown menu currently showing '--Select--'.
- Select Countries:** A dropdown menu.

At the bottom right of the search form, there are two buttons: 'Search' and 'Clear'.

### III. More effective Job Matching for International jobs

For International Jobs, Occupation and region will be the main criteria for job matching on NCS Portal. These occupations have been mapped with National Classification of Occupation-2015 and International Standard classification of Occupation-08 to standardize the occupations that are filled by the Jobseeker in his job preference and those that are filled by the Employer in its job posting. NCO-2015 defines and describes various occupations available in the country giving them standard occupational titles. NCO -2015 classifies Indian occupations in 9 broad divisions covering 52 sectors. This kind of standardization for both the user types will help in more accurate job matching.
