National Career Service is a Mission Mode Project launched by the Hon'ble Prime Minister, Shri Narendra Modi on 20th July, 2015. It is a one-stop solution that provides a wide array of employment and career related services to the citizens of India. National Career Service is a vibrant platform which aims to transform and strengthen the public employment services in the country. It brings together Job Seekers, Employers, Skill Providers, Career Counsellors, Local Service Providers (LSP's), Career Centers, Placement Organizations, Households and Government Departments on a common platform through the efficient use of information technology.

- Easy accessibility of employment services like staffing, placement and recruitment to all the stakeholders
- Enhancing employability of the workforce by providing them information on training & skilling
- Provisioning of career counselling services
- NCS Portal provides links to Public Disclosure of scores and ranking of candidates in Government recruitment examinations
- Providing information related to job profiles, career paths & employers
- PAN verified institutions and rich database of job seekers
- Career planning and rich career content on over 3500 occupations across 52 sectors
- NCS has partnerships with various private organizations like TCS iON, Quesst Corp, HireMee, CSCs, Microsoft etc.
- Around 200 Model Career Centers (MCCs) have been set up across the country till now
- National Career Service Centers for Differently Aabled (NCSCs-DA) are being run by DGE across the country
- National Career Service Centers for SCs and STs (NCSC – SCs/STs) for providing employment related training and guidance are also being run by DGE

As on 30th August, 2021, a total of 90,30,177 active jobseekers are registered on the NCS Portal. More than 1,62,800 employers are registered on the Portal and the active vacancies count as of the mentioned date is 1,87,672.

***Please be aware that NCS does not charge any fees for Registration on the Portal and its services.**

Considering the huge demand for workforce trained on digital skills, National Career Service has joined hands with Microsoft, to train job-seekers registered on NCS Portal on digital skills, with a focus on rural and socially disadvantaged youth. The Training course named, **Microsoft DigiSaksham** is available free of cost for NCS registered Jobseekers.

Training Program Brief:

Microsoft DigiSaksham is a Virtual Instructor-led Training Program (that is supported by a Master Trainer and Subject Matter Expert) on “in demand” courses under Microsoft office and technologies. Program at the pilot stage includes courses, namely: Excel, Python, Azure, Java and Security Fundamentals. With further program enhancements over a period of time, more useful and professional learning courses on Digital skills shall be planned to be added under NCS-Microsoft Integration.

Under this training mode, an NCS registered jobseeker can access and learn from MCT (Microsoft Community Training) platform that has been integrated with NCS Portal.

In Person Training at Model Career Centers:

Apart from the above mentioned online training programs, there is also provision for Physical/Instructor led classroom training that will be delivered in batches through selected Model Career Centers.

NCS Portal is undergoing continuous enhancement of its user interface for best utilization of its Online Services and for better user experience. In the month of August, 2021 some key enhancements have been made in the Portal features for the Employer type Users.

For Employer Type Users-Sub User Feature Enhancement

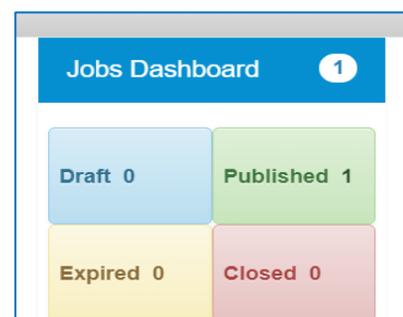

Employer type users (Placement Organization/Government Department/Employer) registered on NCS Portal have the provision to create multiple sub-users (or recruiters) under their NCS account who can post jobs and take action on posted jobs by searching and shortlisting eligible candidates, scheduling interviews and closing jobs. So, in order to ease tracking and management of jobs' responses that are posted by respective sub-users that are there under an Employer's NCS account, NCS has created separate Jobs Dashboard for each sub-user with following features:

- The new Sub-user/Member's Jobs Dashboard will show the total count (of the jobs posted by himself alone) of Draft, Published, Expired and Closed jobs.
- On the sub-user specific Jobs Dashboard, the jobs posted by that sub-user and their responses shall be made available. This has been done to help the sub-user to track the status and manage responses of the jobs posted by him without any mixing with jobs that are posted by other sub-users.
- Having complete access to his Dashboard, a sub-user can perform Action of searching and shortlisting eligible candidates, Scheduling Interviews and closing jobs on Jobs posted by him. Related NCS notifications (through SMS/Email) would also be sent to that particular sub-user.

An organization's Primary or Owner user's Jobs Dashboard continues to show the total count of (jobs posted by all sub users under it) Draft, Published, Expired and Closed jobs. He can perform all the Actions like "Copy", "Edit", "Shortlist Profile", "Search Candidate", "Preview Job" and "Share Feedback" on all the jobs (posted by different sub-users under it) showing on his Job Dashboard.

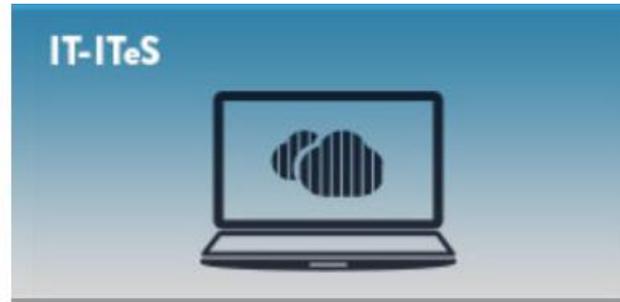

Jobs Dashboard on Employer Home screen for "X" Employer's **Primary/owner user**, showing total count of all jobs posted by him and his sub-users

Jobs Dashboard on Employer Home screen for one of the **member user/sub-user** of "X" Employer's showing all jobs posted by this sub-user

Career Information-IT and Communication Sector

India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire new gamut of opportunities for top IT firms

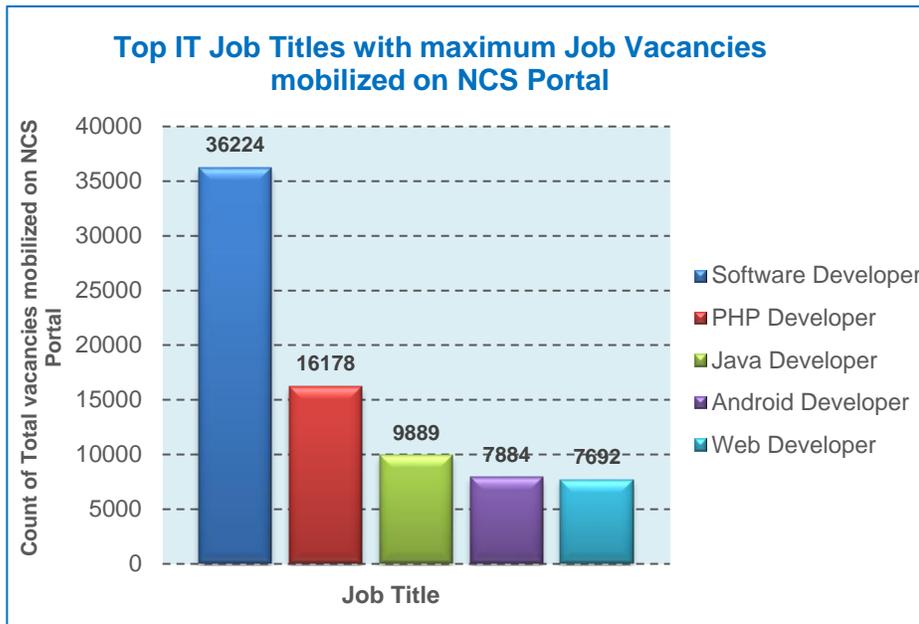

in India. Indian IT Firms have delivery centers across the world and are well diversified across verticals such as BFSI, Telecom and retail.

India is the world's largest sourcing destination with largest qualified talent pool of technical graduates in the world. The sector is the largest employer within the private sector. SSC NASSCOM exists as the national standard setting body for technology skills, working in close coordination with the industry body NASSCOM and under the aegis of National Skill Development Corporation (NSDC). We live in a continuously changing world that's increasingly reliant on new, emerging technologies.

The Sector Skill Council (SSC), as part of NASSCOM, is specifically tasked with reskilling and upskilling India's workforce to ensure that the talent is future-ready in terms of new-age skills and jobs. In September 2020, NASSCOM FutureSkills and Microsoft collaborated to launch a nationwide Artificial Intelligence (AI) skilling initiative to train one million students in AI technology by 2021. **(Source: India Brand Equity Foundation, www.ibef.org and IT-ITes Sector Skill Council, <https://www.sscnasscom.com/>)**

JOBSEEKERS

We are happy to share few success stories of the jobseekers, who have been empowered through employment and other career related services of NCS.

JANGILI SATHEESH

Mulugu, Telamgana

“My parents are working as daily wage agricultural labour with nominal income. Hence, after completing my Bachelors in Computer Science I could not study further and went on to search job to support my family expenses. I appeared for many job interviews. Finally, my luck favoured when I came across an online job fair that was organized by District Employment Exchange cum Career Center, Nizamabad under National Career Service Scheme. To participate in this Job Fair, I registered myself on NCS Portal. Prior the start of this job fair, the Career Center made me attend an online Employer Interactive session where I was oriented about the job profile and salary details. I found the job worth trying so I faced Telephonic interview with the HR of the concerned company and finally got selected as a Quality Executive. I am so glad to get this job and now I can support my family. Thanks to Career Center, Nizamabad for connecting me with this job opportunity.”

“I recently completed my BCA. I always wanted to start my professional career soon after completing my graduation but due to this COVID Pandemic and the resulting job crisis in the market today, I was worried about getting a suitable job. Luckily, I got connected to a good job opportunity through Model Career Center, Agra that conducted an online Job Placement Drive in collaboration with our college. The offered job role was that of an IT Service Desk Engineer with a reputed company. I participated in this online Placement Drive by registering myself on National Career Service Portal. Staff at MCC, Agra oriented me about the job profile and guided me through the recruitment process of this company. With their support I cracked the job interview and got selected for this job.

My heartfelt thanks to Model Career Center, Agra and National Career Service scheme for laying the foundation of my Professional career.”

AMAN RATHORE

Agra, Uttar Pradesh

V BOSE KARTHICK

Virudhunagar District, Tamil Nadu

“I am from Thiruchuli Village, Virudhunagar District, Tamil Nadu. After completing my Diploma in Mechanical Engineering in the year 2017, I worked as a trainee in TVS Chennai for a period of three years and then returned to my home town in search of local job opportunities. My Job Search connected me to the Model Career Center, District Employment and Career Guidance Center, Virudhunagar. Upon visiting the Center, the Officer from the Center, registered me on NCS Portal and asked me to attend the online job fairs that are conducted through NCS Portal. In the first week of August, 2021, I got a call from the MCC to participate in one of its online job fair and attend the Interview with a leading company for the job role of Service Technician. I appeared for the interview and got selected.

I am grateful to Model Career Center, Virudhunagar for their excellent professional career services.”

“I have completed my Diploma in Mechanical Engineering and have been searching job for quite some time. Being a fresher, my preference was to get a job placement in some good company which should not only act as a good launch pad for my career but should also help me in expanding and enhancing my subject knowledge and relevant skills. I am glad to share that in the month of July, 2021 my college organized a campus Placement Drive in collaboration with Model Career Center, Ahmedabad that turned out to be the opportunity I was waiting for. This Model Career Center facilitated the participation of number of companies in this Campus Drive that offered varied job roles. I also participated in this Placement Drive and appeared for recruitment process for the role Junior Engineer Trainee with a leading company. With the expert support and pre-recruitment guidance that I received from this Center, I cleared the interview and got the job.

Thanks to Model Career Center, Ahmedabad and National Career Service for helping me realize my Career goals.”
