The real estate sector is one of the most globally recognized sectors. Real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy. It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term. Bengaluru is expected to be the most favoured property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.

The Indian real estate sector has witnessed high growth in recent times with the rise in demand for office as well as residential spaces. Sectors such as IT and ITeS, retail, consulting and e-commerce have registered high demand for office space in recent times. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Real estate sector in India is expected to reach US\$ 1 trillion by 2030. By 2025, it will contribute 13 per cent of the country's GDP. Real Estate stock in India is expected to reach 3.7 million square feet in 2019, with addition of 200 million square feet during the year. Emergence of nuclear families, rapid urbanisation and rising household income are likely to remain the key drivers for growth in all spheres of real estate, including residential, commercial and retail. Rapid urbanisation in the country is pushing the growth of real estate. More than 70 per cent of India's GDP will be contributed by the urban areas by 2020. – (Source: India Brand Equity Foundation, www.ibef.org)

My name is Dibyajyoti Sahoo. I am very much thankful to Model Career Centre, Bharatpur and TCS Trainer for giving me this wonderful career opportunity. It was impossible for the youth of Bharatpur to get such type of training on Soft Skills in our area. But MCC made it possible by bridging the gap and connected us with TCS Free Employability Training Program. Most importantly, I appreciate this training not only to train us but also to provide job opportunity to the trainees. I am one of the selected candidates for On-Rolls entry level TCS job as a BPS Trainee. My family feels proud of me for getting this job.

JOBSEEKERS

➤ **“National Career Service fulfilled my dream of becoming self-dependent” says Neha**

I am Neha Gupta from Kanpur. I am differently abled by birth and by the time I could understand how to handle life with disability, I lost my parents. Destiny has been a little hard on me but I never lost my faith in God. The living standard of my family is economically weak so I decided to complete my education first and then work so that I can support my family. I came to know about National Career Service during one of the seminars in our training institution. This seminar was very fruitful as Young Professional guided me very well in getting a job opportunity. Also, I came to know about the placement drive for GVK-EMRI. I was assured that the working environment is safe for girls. By God’s grace and blessing of my elders, I got this job and I am very happy with the same now. Finally, my dream of being on my own has become true and I whole heartedly thank National Career Service for this.

➤ **"Thank you for providing me wonderful career platform" says Sunil Rajput**

I am extremely thankful to Model Career Centre, Indore (Employment Exchange), National Career Service and ITI College for organizing the job fair. I am graduated in commerce and was looking for a job in the same domain. One of my friends told me to participate in the job fair, so I visited the same with a hope to get some good working opportunity. Fortunately I got selected in an Accounting Firm i.e. Reacts Accounting Private Limited which was hiring commerce stream students. I would once again like to thank NCS for providing me such a wonderful career platform.
