CHAPTER-I

EMPLOYMENT MARKET INFORMATION PROGRAMME

OBJECTIVES

- 1.1 The main objectives of Employment Market Information (EMI) Programme are: -
- I) to provide information at short intervals about the structure of employment in public and private sectors at the area, state and national levels and also to monitor changes in the levels of employment.
 - II) to present occupational composition and educational profile of employees in the public and private sector establishments.
 - III) to identify occupations which are characteristic to a given industry.
 - IV) to assess manpower shortages in organised sector.
 - V) to make available information required to improve and add to the services offered by the National Employment Service.
 - VI) to monitor the progress in generating employment during the Five Year Plans.

COVERAGE

- 1.2 EMI programme was initiated in the year 1955 as a Pilot Project in Delhi, which was subsequently extended to selected areas (Districts) in various States during the Second Five-Year Plan period. The Programme has got a statutory base with the enactment of the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959. The data collected under the EMI programme covers only the organised sector of the economy which inter-alia covers all establishments in the public sector irrespective of their size and non-agricultural establishments in the private sector employing 10 or more persons. While the information from non-agricultural establishments in the private sector employing 25 or more persons is collected under the provisions of EE (CNV) Act, 1959, data from the establishments employing 10-24 persons are collected on a voluntary basis.
- 1.3 Under the EMI programme collection of data is done following the "establishment reporting system". The establishments are required to furnish, at regular intervals, details about the number of persons they employ by gender, vacancies that have occurred and the type of persons, which are in short supply. This information relates only to 'Employers' and 'Employees'. Employers include Owners, Proprietors, Managers, Working Partners, Directors of Firms/Companies who work full time for the firms/companies.

GEOGRAPHICAL COVERAGE

- 1.4 EMI Programme is being implemented in all the States and Union Territories of the country except Arunachal Pradesh, Sikkim, Dadra & Nagar Haveli and Lakshadweep. The programme could not be extended to these States/UTs so far due to administrative reasons. The smaller establishments employing 10-24 persons in private sector in metropolitan areas of greater Mumbai and Kolkata are also not being covered owing to administrative reasons.

REFERENCE PERIOD

- 1.5 EMI data is furnished by the establishments through ER-I return. The form ER-I is used for the collection of information from the establishments at quarterly intervals ending 31st March, 30th June, 30th September and 31st December of each year.

ORGANISATION OF THE PROGRAMME

- 1.6 The information collected through ER-I return is scrutinised, tabulated and analysed at the area, State and national level. The Employment Exchanges prepare Area Employment Market Reviews to indicate employment situation in the organised sector within the district. The State Directors of Employment also prepare State level Employment Reviews showing employment situation prevailing at the State level. At the national level, Employment Reviews are prepared annually by the Directorate General of Employment and Training projecting the overall picture of employment in the organised sector in different States/UTs. The present Employment Review provides information regarding employment in the organised sector during the period 2006-2007. The National Industrial Classification (NIC) 1998 was followed in classifying the employment data by industries.

LIMITATIONS OF EMI DATA

- 1.7 **EMI Programme does not cover: -**
- a) Employment in un-organized sector.
 - b) Self employment
 - c) Part-time employment
 - d) Employment in agricultural and allied establishments, which furnish employment returns only on voluntary basis.
 - e) Employment in household sector and non-agricultural establishments employing less than 10 workers in private sector.
 - f) Employment in Defence Forces.
 - g) Employment in Indian Embassies and Missions abroad.

Other limitations of EMI Programme are: -

- a) The frame of establishments maintained at local Employment Exchange may not be comprehensive in certain cases due to non-inclusion of new and emerging establishments.
- b) There is an element of estimation of employment in respect of non-responding establishments.
- c) Employment created under various beneficiary oriented employment generation schemes/programmes might be erroneously reported under the EMI Programme.
