Govt integrates Udyam registration platform with job portal NCS

Synopsis

A memorandum of understanding was also signed between the MSME ministry and Common Service Centre in connection with Udyam Registration Portal.

A memorandum of understanding was also signed between the MSME ministry and Common Service Centre in connection with Udyam Registration Portal.

NEW DELHI: The government on Wednesday announced the integration of Udyam -- a registration platform for small entrepreneurs -- with job portal National Career Service to ensure easier access of workforce data for MSMEs. Union minister for MSME (Micro, Small and Medium Enterprises) announced the integration of the two government portals at the 18th meeting of the National Board of MSME.

He said the integration of the Udyam portal with that of National Career Service (NCS) is an opportunity for the MSME sector to have access to the employable manpower database of NCS, according to a statement of the MSME ministry.

Finance minister Nirmala Sitharaman while presenting the annual budget in Parliament this year had announced the plan to interlink four government portals -- Udyam, e-Shram, NCS and Atmanirbhar Skilled Employee-Employer Mapping (ASEEM) -- with an aim to provide seamless data access and better services for recruiters as well as job seekers.

NCS Portal now has API based integration with Udyam Portal, which is a registration Platform for small entrepreneurs. With this integration, on one hand Udyam will push the data of MSME employers (who give their consent to register on NCS Portal) enabling the MSME employers to post job vacancies on NCS Portal and on the other hand the jobseekers registered with NCS will be able to apply for the jobs posted by MSME Employers.

The linkage between National Career Service and Udyam Portal was made live on 14th September, 2022 on NCS Portal and within a very short span the linkage has led to the registration of whopping 80,000 MSMEs on NCS Portal as of 30th September, 2022.
