### Implementation of YP Scheme under NCS Project

### YP Correspondence Management System

National Institute for Career Service makes communication with the Young Professionals in the form of emails, telephonic exchange, WhatsApp Groups and through letters. Internal correspondence takes place between the NICS and the Nodal Officers of Young Professionals and sometimes directly to the Young Professionals, which includes issuing some instructions about the allotted tasks, instructions about protocols, memorandum, appointment letter, and letter of dismissal, letter of approval, written reprimand, formal requests, and notice to provide explanations.

The process of recruiting Young Professionals across India too comes under the management of NICS. A professional workforce has been considered essential for the efficient operationalization of the Model Career Centres that are located across India. Considering the current staffing patterns of the Labour Market Scenario in India and in order to assist in carrying out NCS-related activities and to infuse new perspectives and professionalism into the working environment, the recruitment of Young Professionals takes place from the headquarters of NICS. The Directorate General for Employment (DGE) established the 'Young Professional Scheme' in the format of the erstwhile Planning Commission with an objective of implementing the skill sets, enthusiasm, and entrepreneurial spirit of promising young talents to improve the dynamic environment of India's workforce and career counselling aspects. In accordance with the program, one YP must be stationed at each MCC.

This YP Correspondence Management system of NICS also keeps a track record of all the activities performed by the Young Professionals across the country by receiving, recording, logging, suitably processing and responding to their queries and creating an assessment trajectory of the received correspondence. This system provides digital communication for data preservation, storage, and forwarding for evaluation and authorization.
