ACTIVITIES OF MODEL CAREER CENTRE , NICS

The Ministry of Labour & Employment has established a few Model Career Centres (MCCs) that operate directly under the supervision of the Ministry. One such MCC was approved at the National Institute for Career Services (NICS), since its establishment, MCC NICS has been dedicated to effectively implementing employment services. It organizes job fairs, supports jobseekers in making informed career decisions by providing comprehensive employment-related information, conducts career talks and seminars, offers career guidance and counseling, and provides employability training.

Key activities at MCC NICS include facilitating the registration of job seekers, employers, and other stakeholders on the NCS portal, conducting job fairs and placement drives, offering individual and group career guidance sessions, organizing workshops and orientation programs to raise awareness about NCS, creating video success stories of beneficiaries, and hosting webinars on new and emerging job roles to provide essential career insights and guidance.

From July 2024 MCC has initiated a new program career cum job fairs. The aim of these events is to offer students in their 1st and 2nd years of study a comprehensive understanding of various career paths and job opportunities available to them. Through these fairs, students can explore potential career options, interact with professionals from different industries, and gain valuable insights into the skills and qualifications required for their desired fields. This initiative seeks to empower students with the knowledge and resources they need to make informed decisions about their future careers.

Organizing Job Fairs/Placement Drives

The Model Career Centre at the National Institute for Career Services is dedicated to organizing job fairs and placement drives every month. These events provide a platform for employers and recruiters to meet potential employees, and for job seekers to learn about available job opportunities. At a job fair or placement drive, each registered employer has the chance to interact with interested job seekers who want to learn more about the company or submit applications for specific job openings.

As mentioned above from July 2024 NICS has launched an initiative to conduct career cum job fairs in order to provide 1st & 2nd year students with a better perspective on future career opportunities.

In the month of December 2024, MCC NICS organized **4** Job Fairs where **350** Jobseekers participated for **1970** vacancies. **87** Candidates were shortlisted in the Job Fair.

Outreach Activities

Outreach activities conducted by the Model Career Centres (MCCs) aim to increase awareness about the NCS Portal, identify potential job seekers, and build relationships with employers. These activities include collaborating with employers, establishing industry partnerships to identify job vacancies and training needs, organizing skill development programs to enhance employability, and conducting awareness campaigns to educate the jobseekers about career options and MCC services. Additionally, MCCs use digital outreach through social media and online platforms to reach a broader audience.

These efforts contribute to a robust ecosystem supporting employment and skill development in the region. For job seekers, these activities enhance employability through skill development programs and career counseling, increase awareness about career options, provide direct access to potential employers through job fairs and placement drives, and boost confidence through workshops and counseling sessions, making them more assertive in job interviews. Overall, the outreach activities of MCCs have a significant impact on both job seekers and employers, positively influencing the employment landscape.
