CENSUS OF CENTRAL GOVERNMENT EMPLOYEES

(AS ON 31st March, 2006)

INTRODUCTION

1.1 The Government of India, Ministry of Labour and Employment, Directorate General of Employment & Training has been conducting, since 1960, the “Census of Central Government Employees” with 31st March as its reference date. The present report, which is thirty-first in the series, covered Central Government employment as on 31st March, 2006. The main purpose of the Census was to provide employment details on aspects such as pay-ranges of employees, sex-structure, status, tenure of service, group of posts (Gazetted/non-gazetted), location by States and class of cities, etc.

SCOPE, COVERAGE, CONCEPTS & DEFINITIONS

1.2 The Census covered all employees holding civilian posts under Central Government establishments which existed as on the 31st of March, 2006 and whose pay & allowances, honoraria or any other remuneration were paid out of the Consolidated Fund of India. The return prescribed and used for collection of Census data is at Annexure 1.1. Scope coverage, concepts and definitions adopted for conducting the Census Enquiries are given in Annexure 1.2.

METHODOLOGY, LIMITATIONS AND ESTIMATION OF NON-RESPONSE

1.3 The basic data under the Census was collected from all Central Government establishments borne on the “Employer’s Register” maintained at Employment Exchanges through their net-work spreading all over the country. However, Census returns duly filled-in by employers have been received only from 5746 establishments out of total 7352 establishments. The response, thus, came up around 78%.

1.4 Data from secondary sources such as Annual Reports of the respective Ministries/Departments, information on Central Government employees compiled and maintained by Department of Personnel & Training and Pay Research Unit, M/o Finance have also been utilized to arrive at the total number of the Central Government employees.

1.5 Keeping the above facts into consideration, total number of Central Government employees worked out to be 31.16 lakh during the period under report and the same has been incorporated in various Tables in this publication. However, the distribution of employees shown category-wise in the Table numbers 3, 4, 6 & 7 and Annexures 2.3 3.1, 3.2, 3.3 and 3.4 have been estimated on the basis of proportions arrived by using information received from the establishments. Further, the data presented in Table number 8 and 9 on location / State-wise employment is based on either data of Employer's Register at the Employment Exchanges under Employment Market Information (EMI) Programme or on the basis of proportions observed in the previous Census.

EMPLOYMENT UNDER CENTRAL GOVERNMENT

2.1 The total number of regular civilian employees under Central Government establishments as on 31st March, 2006 was 31.16 lakh. The Table-1 shows overall comparative change noticed in the level of Central Government employment (regular) as on 31st of March, 2004 and 2006.

Table – 1

**CENTRAL GOVERNMENT EMPLOYMENT
(2004 & 2006)**

(In lakh)

Category of employees	Number of employees as on 31 st March		Increase/Decrease	
	2004	2006	(+) Absolute	(-) Percentage
1	2	3	4	5
Regular	31.64	31.16	-0.48	-1.52
TOTAL	31.64	31.16	-0.48	-1.52

The total employment under Central Government as on 31st March, 2006 as per Census has gone down by 0.48 lakh over 31st March, 2004. This decrease may be attributed to various recruitment policies of the Government. Right sizing /down sizing policy has been a major contributory factor for this declining trend.

EMPLOYMENT UNDER VARIOUS MINISTRIES

2.2 The distribution of regular employees in major Ministries is given in Table-2:

Table-2**REGULAR CENTRAL GOVERNMENT EMPLOYMENT IN MAJOR

The data in Table-6 reveals that bulk of Central Government employees held either Group 'C' or Group 'D' posts with their share being 57.80% and 30.62% respectively. As against this, Group 'A' & 'B' posts (inclusive of the Non-Gazetted in group 'B') had meagre share of 2.95% and 8.63% respectively.

CLASSIFICATION OF EMPLOYEES BY PAY-RANGES

2.8 The concept of pay structure used under the Census Enquiries refers to the basic pay and hence, may be interpreted to exclude other allowances or special pay etc. that are also admissible to Central Government employees. The strength of employees in various pay-ranges have been shown in Table-7.

Table – 7

**ESTIMATED DISTRIBUTION OF REGULAR CENTRAL GOVERNMENT

Total	3116337	100.00

The above Table reveals that the maximum proportion of employees were found to be in the pay range of Rs. 3500-4499 (21.13%) followed by pay ranges of below Rs.3049, Rs.3050-3499 (15.63%) and Rs.4500-5499 (15.03%). The minimum number of employees were in the pay range of Rs. 18400 & above. Overall 90% of the total Central Government employees i.e. Group B, C & D share major chunk of pay below Rs.7999. The distribution of employees by various pay-ranges in major Ministries/Departments is given in Annexure - 2.3.

DISPERSAL OF EMPLOYEES IN CLASSIFIED CITIES

2.9 Central Government establishments under the Census Enquiries furnished details of their staff actually working in each of the A-1, A, B-1, B-2 and C class cities. In case of those establishments, which did not furnish details about their staff strength for each class of cities, the entire staff has been considered to be working in the same city where the reporting establishment is located. Keeping this in view, the location of regular Central Government employees in different class of cities viz., class-A-1, A, B-1, B-2 and other class cities has been presented in Table-8.

STATE-WISE DISPERSION OF CENTRAL GOVERNMENT EMPLOYEES

2.11 The State-wise dispersion of Central Government employees has been shown in the Table-9. The data presented in this Table have the following limitations:-

Firstly, the Census returns are usually collected directly from the employing establishments. The jurisdiction of these establishments is considered as the basis. However, in the case of some major Ministries/Departments their jurisdiction posed certain administrative difficulties. For example, some reporting establishments which actually render data/information in the prescribed Census forms under the Ministry of Railways, Ministry of Communications & IT cut-across the State boundaries. The data collected from these establishments in fact is not necessarily belonging to the areas where these establishments are located but in many cases, the Central Government employees employed by such establishments as per their work distribution belonging to other State locations also. Hence, the results obtained and presented in this report, particularly in the Table-9, may have to be viewed liberally. However, attempts have been made to bifurcate approximately to the extent possible.

Secondly, some establishments which employed sizeable number of employees deployed their personnel on need basis to other States and their employees constantly keep moving from one location to other. As such, the mobile personnel (Civilian Para Military Forces) engaged by Central Organizations such as Central Reserve Police Force (CRPF), Border Security Force (BSF), Central Industrial Security Force (CISF), Indo-Tibetan Border Force (ITBF) & Assam Rifles etc., have been shown in the Census data in Table-9 separately and are not classified at the State level.

CERTAIN OTHER FEATURES OF REGULAR CENTRAL GOVERNMENT EMPLOYMENT

3.3 In the past three decades, certain important features of regular employees have been noticed through trend emerging out of the data collected from the Census Enquiries. These relate to the analysis of employees by sex, status and tenure of posts, which were held by Central Government employees. The data in the Table-12 presents the summary results:

Their proportion in the total Central Government employment improved from 2.51% in 1971 to 10.28% in 2006. It is also seen that Central Government employees in larger proportion are now holding permanent status in the Government. The ratio of Gazetted to Non-Gazetted officers, which was as high as 1:49 in 1971, came down to 1:22 in 2006.
