CONNECTING TALENT WITH OPPORTUNITY: NCS–NAMO INITIATIVE

In a continued effort to strengthen employment linkages and enhance access to job opportunities, the National Career Service, in collaboration with NAMO, successfully organized a series of Job Fairs across three key districts of Tamil Nadu—Chennai (Durai), Chengalpattu North (Kanchipuram), and Kanyakumari (Nagercoil).

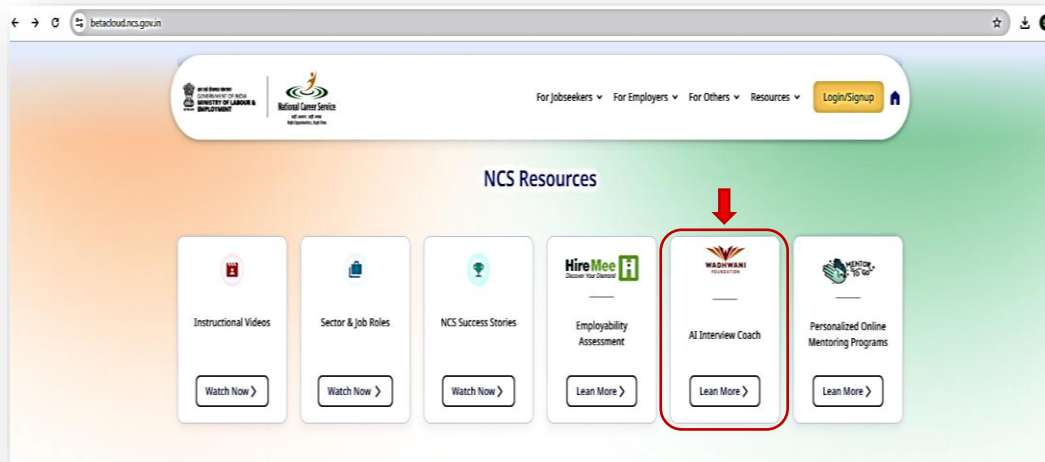

These job fairs served as dynamic platforms bringing together job seekers and employers under one roof, facilitating meaningful interactions and accelerating the hiring process at the grassroots level.

The Chennai (Durai) Job Fair witnessed an encouraging response, with approximately 800 job seekers participating enthusiastically. A total of 70 employers from diverse sectors took part in the event, offering a wide range of employment opportunities. The initiative resulted in 257 successful placements, reflecting the effectiveness of such targeted employment drives in bridging the gap between talent and industry requirements.

Similarly, the job fairs conducted in Chengalpattu North (Kanchipuram) and Kanyakumari (Nagercoil) saw active participation from local youth and employers, contributing to the overall objective of enhancing employability and providing accessible livelihood opportunities across regions.

These collaborative efforts underscore the commitment of NCS and NAMO towards fostering inclusive growth, strengthening workforce participation, and empowering youth through gainful employment.

NCS STRENGTHENS EMPLOYABILITY WITH LAUNCH OF AI INTERVIEW COACH

The National Career Service (NCS) Portal has introduced an **AI-powered Interview Coach** in collaboration with the Wadhvani Foundation to enhance interview preparedness among jobseekers across the country.

This feature aims to strengthen employability by providing structured, role-specific mock interview practice supported by Artificial Intelligence. The tool enables candidates to simulate real interview scenarios and receive immediate, objective feedback on their responses.

Key Highlights:

- AI-enabled mock interview simulations
- Industry and job-role specific question sets
- Instant feedback on communication, content, and confidence
- Identification of strengths and areas for improvement
- Accessible anytime through the NCS Portal

The AI Interview Coach is particularly beneficial for fresh graduates, first-time jobseekers, and candidates preparing for competitive recruitment processes. By enabling structured practice, the feature helps reduce interview anxiety and improves overall readiness.

NCS encourages all registered jobseekers to actively utilize this feature and enhance their interview performance.
