ABOUT NATIONAL CAREER SERVICE

National Career Service is a Mission Mode Project launched by the Hon'ble Prime Minister, Shri Narendra Modi on 20th July, 2015. It is a one-stop solution that provides a wide array of employment and career related services to the citizens of India. National Career Service is a vibrant platform which aims to transform and strengthen the public employment services in the country. It brings together Job Seekers, Employers, Skill Providers, Career Counsellors, Career Centers, Placement Organizations, Households and Government Departments on a common platform through the efficient use of information technology.

- Easy accessibility of employment services like staffing, placement and recruitment for all the stakeholders
- Enhancing employability of the workforce by providing information on training & skilling opportunities
- Provision of career counselling services
- Access to information related to job profiles, career paths, and employers
- PAN-verified institutions and a rich database of job seekers
- Career planning resources and comprehensive content on over 3,500 occupations across 52 sectors
- Availability of international job vacancies for aspirants seeking global career opportunities
- Partnerships with private organizations like Amazon, TCS iON, Qess Corp, HireMee, CSCs, Microsoft, etc.
- Establishment of around 407 Model Career Centers (including 7 non-funded) across the country
- Operation of National Career Service Centers for Differently Abled (NCSCs-DA) by DGE across the country
- Dedicated National Career Service Centers for SCs and STs (NCSCs – SCs/STs) providing employment-related training and guidance

As on 30th April 2026, around 58,42,013 employers were registered on the NCS Portal & the active vacancies count as of the mentioned date was 07,34,318

NCS SIGNS MoUs WITH PORTER AND GIGIN TECHNOLOGIES

The Ministry of Labour & Employment signed MoUs with **Porter and Gigin Technologies** to strengthen employment linkages and enhance digital job matching through the National Career Service (NCS) Portal. The MoUs were signed in the presence of Union Minister Dr. Mansukh Mandaviya and Secretary, Ministry of Labour & Employment, Vandana Gurnani.

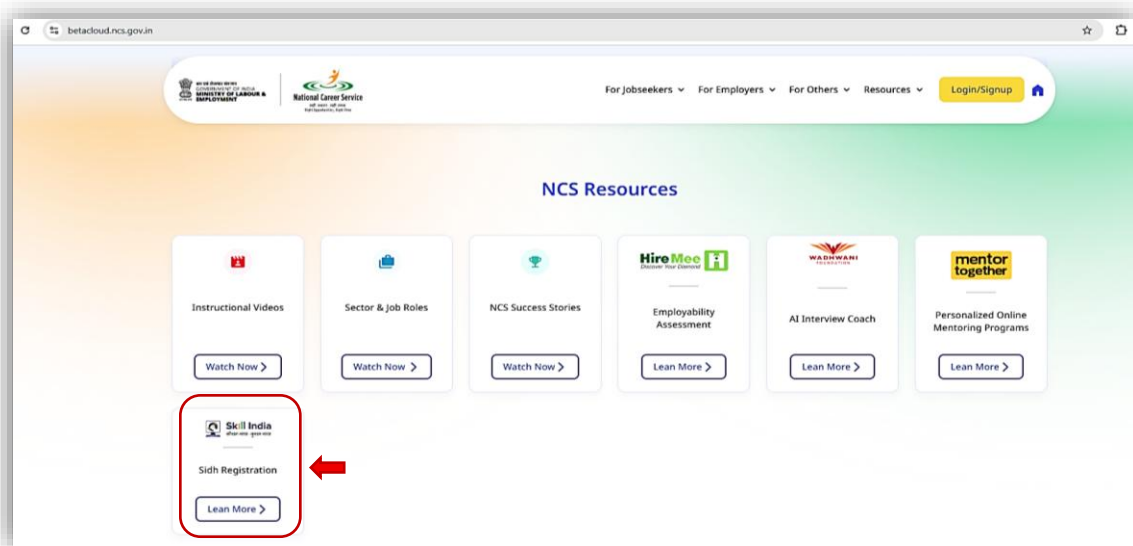

Highlighting the growing impact of the NCS Portal, Dr. Mandaviya stated that over 7 lakh vacancies are currently active on the platform, with nearly 59 lakh establishments registered. He described NCS as a one-stop platform connecting youth with skill-aligned employment opportunities. He also emphasized the importance of bridging the skill gap through short-duration, industry-oriented soft skills training programmes.

Under the collaboration:

- **Porter** aims to generate nearly 6 lakh logistics and driving opportunities annually through the NCS Portal, targeting over 30 lakh opportunities by 2030.
- **Gigin Technologies** will facilitate 2–3 lakh verified job opportunities annually along with more than 1.5 lakh employer engagements through AI-enabled and verified job matching systems.

The partnerships are expected to improve outreach, strengthen employer participation, and create transparent, technology-enabled, and inclusive employment opportunities for jobseekers across the country.

STRENGTHENING SKILLING & EMPLOYMENT LINKAGES THROUGH SIDH–NCS INTEGRATION

The integration of Skill India Digital Hub with the National Career Service (NCS) Portal marks a significant step towards strengthening the linkage between skilling and employment opportunities in the country. Through the Skill India Digital Hub (SIDH), candidates can seamlessly access a wide range of skill development programmes, vocational training courses, apprenticeships, and industry-oriented learning opportunities through a unified digital platform.

The initiative is aimed at enhancing employability by enabling jobseekers to explore relevant skilling pathways aligned with industry requirements and emerging job trends. By integrating training and employment services within a single ecosystem, the NCS Portal seeks to support youth in becoming job-ready, improving career prospects, and building a future-ready workforce. The collaboration is expected to further bridge the gap between skill development and employment, while promoting greater accessibility to career and learning opportunities across the country.
